

The Vanguard School

Lake Wales, Florida

**Preparing Diverse Learners
to Thrive in a Diverse World**

A Note from our Head of School

L. Shannon Graves

Vanguard offers an independent, co-educational, boarding, and day school education with approximately 120 students in grades 6-12 who learn differently. Vanguard strives to work with each student and his/her/their own specific learning profile to find success and confidence.

At Vanguard we understand that our students are blessed with learning abilities and that it is our responsibility as educators to identify, celebrate, and support each student in capitalizing on his or her individual strengths. Instead of merely providing support within a traditional classroom setting, we design curriculums around each student's particular strengths and needs. By emphasizing individualized attention within the context of a small classroom environment, Vanguard provides for the academic, social, and personal growth of each student.

There are many good boarding schools in the United States, but few are as unique and inviting as ours. The school is located in sunny Central Florida between vibrant cities Orlando and Tampa. However, we enjoy the benefits of the small, friendly, and safe Lake Wales community. Through our Core Values we emphasize **Community, Integrity, Empathy, Leadership, and Resilience** by helping students:

- Become independent thinkers, who explore with curiosity and confidence
- Create an environment where students feel safe to struggle, seek new challenges, and be confident learners
- Cultivate a culture of respect, compassion, and integrity
